Because a beard is much more demanding than hair, Men Stories has created the Barber Range.

Barber Shampoo 250ml & 3 Liters - Aloe vera offers soothing, healing, moisturizing, regenerating and purifying action. Lotus flower has antioxidant, purifying and soothing properties. Its enriched formula pampers your beard and skin, leaving them incredibly soft and supple.

Barber Serum 30ml, 100ml & 3 Liters - This delicate cocktail, formulated with three oils (argan, avocado and macadamia), strengthens your beard for extremely shiny and silky soft results. Rapidly absorbed, this oil leaves no residue on the beard or oily feel to the touch.

Barber Wax 100g - This beard-enhancing wax tames rebellious hair to create defined styles. Extremely resistant and supple, Barber Wax leaves no residue.

Barber Spray 30ml & 150ml - A beard is a breeding ground for germs... This is why Men Stories has created Barber Spray. Thanks to its menthol micromolecules, this spray will thoroughly disinfect your beard. It also works as a stimulant, activating hair regrowth.

Barber Balm 75ml - Thanks to its fresh and instantly absorbed alcohol-free formula, Barber after-shave balm protects and softens your skin. It is also rich in softening and soothing active ingredients that immediately restore comfort after shaving. Contains Red Algae & Brown Algae extracts.
